

## Academy of Opera Crafts (AMO)

### COURSE IN THEATRICAL LIGHT TECHNICIAN

#### Coordinating teacher

Ivan Pastrovicchio

#### 1. Applicants

The course is open to a maximum of **5 candidates** of any nationality who are at least 18 years old at the time of application.

#### 2. Purpose of the course

The course is aimed at studying theatrical electrical engineering and illumination, design on specific cad, light design basic principles and console technologies. It aims to create light technicians for the production of live, musical and opera performances. The subjects of study will start from the regulations on safety at work (dlgs 81/08, dm 10/03/98), musical theater's history, knowledge of techniques and practices about electrical engineering, devices and software management. The students will also learn about the method that is applied to complex systems, like the theater's lightning system. The theatrical light technician figure could have the opportunity to work with theaters, lyrical institutions, Touring companies, but also in the fields of: concert, television, movies, exhibitions and fashion. The learning process is supported by different work experience periods of time inside the Teatro Coccia's productions.

#### 3. Duration

The course will take place at the Teatro Coccia in Novara and will be divided into several not continuous periods **starting from October 2023 to July 2024**. The lessons will be planned in accordance with the theater's schedule, with particular attention to musical theater productions and alongside with other courses' classes. In case of course's interruption "due to force majeure" we will proceed with Distance Learning mode through the dedicated online platform for theoretical lessons, while practical lessons and work experience periods will be postponed. At the end of the course, a certificate of attendance will be issued, upon a correct following of the procedures as described at point 8 (see below).

#### 4. Training program

The course will be divided in **130 hours of theoretical and practical and 70 days of work experience**.

The program of study is aimed at achieving the right confidence with the practical techniques

learned during the lessons with the teacher, so as to ensure a preparation capable of face participation in the productions of the 2023/2024 season.

The calendar of meetings will be shared after the outcome of admission. The calendar may be subject to changes that will be promptly communicated to students.
